

HOUSE RULES

Daycare

- All guests must complete a temperament evaluation. Sully's Stay and Play reserves the right to refuse or reject any dog that might be a safety hazard to itself, other dogs, or staff members. This includes, but is not limited to dogs who are aggressive, anti-social, toy or people possessive, anxious, or physically ill. Although we screen for temperament, watch the dogs carefully, and do not take aggressive dogs, daycare can be hazardous due to dogs playing together. They can get rambunctious at times and we cannot be held responsible for injuries, that may occur. All dogs must be spayed or neutered.

Guest Profile

- All guests staying at Sully's Stay and Play needs to have completed a Guest Profile before his/her first stay. This profile is designed so that we can get to know your pet on a personal level. We want to know how your pet engages with people, understand his/her preferences in being handled, get to know about his/her personality, and utilize the profile information to determine what playgroup suits his/her best.
