

# Webcam Instructions

1. Click on Picture on website to launch webcams (must be using Internet Explorer 7.0 or above)
2. Enter username and password provided by Sully's
3. Blue Iris ActiveX notification will pop up. Click ok and install XCast.cab from Perspective Software (see picture below for example)
4. For higher resolution select either "Big Dogs" or "Small Dogs." Using "All Cameras" results in lower picture quality.
